Knowledge and ideas for all

We are looking for young people to help us decide on services the library offers to children. Fill in your name and your parent or carer's name below if you would like to do this.

The Children's & Young People's Advisory Group

Group members will be invited to come to 3 activity sessions over the next year to talk about ideas on great services and events that Explore York Libraries and Archives can offer. We'll be in touch after the closing date with more information.

Hand this paper in at any Explore York Library before 5th December 2014 to be forwarded to Frances Postlethwaite and Sue Matthews.
